GOLF COURSE NEWS

Head Mow BoyUpdate

Fall is upon the Club, concerns in golf course conditions/maintenance have been brought to my attention.

Concern #1

Improved turf in rough areas

Solution: Install irrigation in concerned areas, verti-cut, seed fertilize
Control cart's in the areas.

Problem: Cost to take on this improvement will be great at this time.

This concern will be on the Club's long range plan.

Concern # 2

"Sand Traps:"

Comments: Not enough sand, tree roots exposed

Solution: Immediate...remove all the sand, reshape existing bunker,
replace with new sand at the proper depth.

This process has already started with the bunkers at #3 & #5.

Concern # 3

"Tree Trimming"

Ongoing yearly (winter) maintenance project.

Started trimming & removing some deceased pines.

Continue as weather permits.

As always, feel free to stop by with any questions, comments or concerns.

(Fresh coffee is on by 7:00 every morning, Monday thru Friday)

I will leave the light on for you.

Frost Delays:

As the weather turns colder, there will be mornings when the golf course will be covered with frost. Cart and foot traffic can be detrimental to the turf (especially the greens) when it is frost covered. The course will be closed until the frost lifts. Frost delays can last well into late morning. Please make sure you stay off the golf course when frost conditions exist. Thanks for your cooperation and understanding in this matter.
